

STRATEGIES TO SUPPORT AND ENABLE STAFF CARING FOR RESIDENTS:

IMPROVE PHYSICAL & EMOTIONAL WELLNESS OF RESIDENTS

REDUCE BEHAVIOURAL ISSUES OF RESIDENTS

HOLISTIC, PERSON-CENTRED INTERVENTIONS AND APPROACHES TO CARE FOR RESIDENTS

BUILD MEANINGFUL RELATIONSHIPS AND INTERACTION WITH RESIDENTS

A rapidly changing society, and an ever growing need to deliver services more efficiently and effectively has created the opportunity for long term care facilities to respond.

Investing in therapeutic activities can answer many of the questions and challenges facing long term care facilities. Find out how the Therapeutic Activity Professionals' Course from the **Atlantic Institute on Aging** can bring significant, strategic, and efficient results in your facility.

This course will cover topics that are facing Therapeutic Activity professionals today and resources for managing the dynamic and ever-changing demands of the industry, including *programming for those living with dementia, narrative care, music care and volunteer management*—among others!

Next Course Begins May 7th

Cost: \$1900.00
